

HB 2076 -- ADOPTION RECORDS

SPONSOR: Carpenter

Currently, an adopted adult or the adopted adult's lineal descendants may make a written request to the circuit court with original jurisdiction of the adoption to obtain information identifying the adopted adult's biological parents and only if the biological parents have consented to the release of such information is the court required to disclose the identifying information. This bill requires the court to also disclose the identifying information if it has been 100 years or more since the date of the adoption.
